

Meet Your Foot and Ankle Surgeon

Andrew J. Kluesner, DPM, FACFAS

Battling through many injuries as an athlete, I know what it is like to have activity limited by pain and disability. Because of this personal experience, I believe I have more empathy for my patients.

Why I Chose Foot and Ankle Surgery

"I was heavily involved in athletics in high school and college and suffered multiple injuries to my ankle. Those experiences, along with my interest in science led me to become a podiatrist."

Fellowship

FODRA, Rome, Italy, Advanced Foot and Ankle Surgery

Residency

University of Pittsburgh Medical Center, Pittsburgh, PA

DPM

Des Moines University, Des Moines, IA

BA

Loras College, Dubuque, IA, Psychology

Professional Memberships

Board Certified in Foot Surgery, Board Certified in Reconstructive Rearfoot and Ankle Surgery

Certification

American Board of Podiatric Surgery

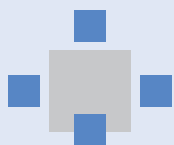

Department of Foot and Ankle Surgery

As a member of Christie Clinic's Department of Foot and Ankle Surgery, Dr. Kluesner diagnoses, treats and helps prevent diseases and disorders affecting the feet and ankles, and performs reconstructive surgery of the foot and ankle in adults and children.
